SENATOR LAUSCHE
WASHINGTON D. C.

Dear Senator Lausche,

In the demoralizing era of "bread & Circuses", Communist infiltration and the Administration's avowed policy of give-away, appeasement to Communism and the Kennedy, Johnson, policy of disarmment "no-winism", pro-Communist-what-deal; that Communism is mellowing; that this Godless monster does no longer want to impose this Godless religion, Communism, on the world — I could go on — it is refreshing to have a man like yourself that is for America. I appreciate this and believe me there are thousands like my self. I applaud your stand taken on the so-called Communist-politically inspired, Kennedy, Johnson, Khruschev inspired Slave bill known as "Civil Right Bill".

Now Senator Lausche please give me some answers on the following Concerning the Warren Commission: I refer to the article Written in National Review, April 21st issue, 1964 Page 311. Please read it. I refer specifically to the appointement of Norman Redlich, pro Communist deluxe, to the position of special Assistant-in Charge of Investigating & obtaining testimony from Witnesses. Now for some background on this Character: He is a graduate of New York University Law School & Lectures there

Redlich is a member of the National Emergency Civil Liberties Committee" Now in case you don't know about this outfit I'll tell you. It was cited both by the House Committee on Un-American activities and the Senate Internal Security Sub. Committee as being a Communist front! How blind can we get! Yet I have not heard one single Congressman raise this question. So the pro-Communist win because good men do nothing. Do we really expect to get the truth from the pro leftist Warren Committee? As you probably know, the "ECLU" is especially close to the "Fair Play for Cuba Committee" of which Oswald was a member. 2+2 always makes 4. Senator Lausche in the name of all that is decent and right, what goes on here!

Just to make your blood boil here is the real shocker: Redlich is on Record as favoring the abolition of the H.U.A.C. His name appeared as among the signers of an Anti-HUAC petition run in the N.Y. Times Feb 9th 1961. Rankin, Chief Counsel of the Warren Commission will tell you that he did NOT himself hire Redlich, but will decline to reveal who did. Senator Lausche I want some answers. You can get them for me. Respectfully, M.D. Hunter
